

STAFF REPORT

TOWN COUNCIL MEETING OF OCTOBER 14, 2014

To: Town Council

From: Town Manager

Subject: Town of Loomis Zoning Ordinance Amendments to Comply with the 2013-2021 Housing Element

Date: September 12, 2014

RECOMMENDATION:

The Town Council should consider the staff report, the proposed amendments, and any written or oral public comment. The Town Council should then read by title only Ordinance No.____ approving the amendments to the Zoning Ordinance in order to complete the tasks identified in the 2013-2021 Housing Element Update.

PLANNING COMMISSION ACTION:

The Planning Commission unanimously recommended approval of the amendments to the zoning code at their meeting of August 26, 2014. The Planning Commission expressed a preference not to have High Density Residential next to existing residences and that the 7 acres to be rezoned be located adjacent to Raley's.

DISCUSSION/BACKGROUND:

The 2013-2021 Housing Element Update was adopted by the Council on February 28, 2014 in compliance with state law.

The Housing Element Update identified amendments that would have to be made to the Zoning Ordinance in order for the two documents to be consistent and for the Zoning Ordinance to comply with State housing law and SB 2 State law requirements.

The Zoning Ordinance will be amended in the following areas. The addition of three (3) new definitions and the modification of one (1) existing definition in the GLOSSARY (13.80.020), the addition of a new zoning district (13.24.020), the addition of two (2) new residential uses as P (Permitted) uses in Table 2-2 and the addition of a note (13.24.030), the modification of one (1) commercial use from UP (Use Permit) to P (Permitted) with Specific Use Regulations in Table 2-6 (13.26.030), and the addition of Section

13.42.245 Specific Land Use Regulations for Emergency shelters. The Zoning Map will be amended to include a new category in the LEGEND and the affected parcels marked on the map.

GLOSSARY amendments

1. New definition (Page 433)

“Extremely Low-Income” as defined by Section 50093 of the California Health and Safety Code.

Definition to be inserted into 13.80.020 – Definitions of specialized terms and phrases under **affordable rent**.

3. Extremely low income means thirty percent of the median income as defined by state law (Health and Safety Code Section 50106) and the HUD income limits.

2. Existing definition to be expanded in Zoning Ordinance to comply with SB 2. (Page 441)

“Emergency shelter”, as defined by Section 50801 (e) of the California Health and Safety Code, will have the following information added to the existing definition.

Emergency shelter means housing with minimal supportive services for homeless persons that is limited to occupancy of six months or less by a homeless person. No individual or household may be denied emergency shelter because of an inability to pay.

3. New definition to be included in Zoning Ordinance to comply with SB 2. (Page 474)

“Supportive housing” as defined by Section 50675.14(b)(2) of the California Health and Safety Code.

Supportive housing means housing with no limit on length of stay, that is occupied by the target population, and that is linked to an onsite or offsite service that assists the supportive housing resident in retaining the housing, improving his or her health status, and maximizing his or her ability to live and, when possible, work in the community.

4. New definition to be included in Zoning Ordinance to comply with SB 2. (Page 474)

“Transitional housing” as defined by Section 50675.2(h) of the California Health and Safety Code.

Transitional housing means buildings configured as rental housing developments, but operated under program requirements that require the termination of assistance and recirculating of the assisted unit to another eligible program recipient at a predetermined future point in time that shall be no less than six months from the beginning of the assistance.

5. New zoning district to be included in Zoning Ordinance to comply with New Program 10 of Housing Element in **Section 13.24.020 – Purposes of residential zoning districts.** (Page 213)

G. RH –20 (High Density Residential – 20 units per acre minimum) Zoning District. The purpose of this overlay zoning district is to provide adequate sites for a minimum of 129 very low and low-income units at a minimum of 20 units per acre “by right” (without conditional use permit or other discretionary action). The RH-20 zoning district is an overlay district that is applied to a portion of “The Village at Loomis” project site. It provides flexibility in site planning by allowing up to 7 acres of the project to be developed with high density residential. Alternative standards to the RH development standards in 13.24.040 Table 2-4 and the RH Specific Use Regulations in 13.42.250 may be considered in order to achieve the goal of meeting affordable housing requirements. The RH-20 zoning district is consistent with and implements the 2013-2021 Housing Element of the General Plan. (Resolution #14-02, 2014)

State law requires that the Town demonstrate that there are sites within the town where residential development at higher density is allowed. This new zoning district will help ensure compliance with this requirement and the Town’s required action under Program 10 of the Housing Element. However this district does not requires that the Village at Loomis include any number of very low or low income units.

The Update identified areas within the Zoning Ordinance that would have to be amended for consistency between the documents. The Zoning Ordinance Amendments are technical changes to implement the document. There are no specific project(s) proposed or otherwise associated with this action, so there is no direct or reasonably foreseeable indirect physical change to the environment.
